Thank you for your interest in Titus Touch Photography. We pride ourselves in providing others with great wedding memories. We combine traditional formals with photojournalistic candids to capture every moment of your special day.

Titus Touch Photography uses professional digital equipment. Photographing digitally offers clients many advantages. Some of these advantages include; the ability to print pictures in color or B+W, no restrictions of the number of pictures taken, pictures emailed to you, by request, for newspaper publication, digital enhancement to photos, and a variety of albums including coffee table story books. Most of these advantages are offered at no extra charge to our clients.

These are just a few great benefits that Titus Touch Photography offers.

Thank you again for your interest in Titus Touch Photography, if you have any questions please contact us.

Sincerely,
Rick and Beth Titus
